Royal Baking Powder

ABSOLUTELY PURE

Predestination.

What art thou, O Man, presuming,
That to rule thy Destiny,
And boldly in thy heart assuming
That thou knowest Fate's decree?
Whence cometh all this vain conceit
Of which thy mind has drunk its fill?
The universe was made complete
And needed not thy feeble will.
Canst thou then grow the smallest flower,
Who knowest not a bubble's goal?
Canst thou, then, for one short hour,
Think to sway the human soul?
Nay, the course is not thy choice;
All is set, thou hast a guide—
Listen to thy reason's voice—
Cease to pull against the tide.

Overcome in a Cistern.

Silas Hume, colored, was engaged Tuesday in deepening a cistern for Mr. Mike Callery, at his home about a mile and a half from this city on the Versailles pike, and going down into the cistern too soon after he had fired a blast he felt himself being overcome by smoke and foul air caused by the burning powder, and attempted to climb out again, but just as he was nearing the top of the ladder he was overcome and fell back, striking his head upon the rocks at the bottom of the cistern. The man who was helping him ran immediately for help, but before he could be gotten out life was extinct. The remains were brought to the home of Hume's wife, in one of the Petry houses, near the penitentiary, where they were viewed by Coroner Dehoney and a jury, when a verdict was rendered that the deceased came to his death by being overcome by foul air and falling into a cistern on the place of M. Callery, on the morning of August 28th, 1894.

Capital Railway Co. Sued.

Several weeks ago Will Fallis and Ben Jackson were in a wagon driving along the Lewis Ferry pike, or Wilkinson street extended, when a motor car came along, and their horse becoming frightened backed the wagon into the car. The two men were thrown out of the wagon by the collision and so badly hurt that they were laid up for some time. They have now brought suit against the Capital Railway Company, through Hon. Jas. Andrew Scott, their attorney, for \$5,000 damages.

Judge Herndon.

Mr. W. C. Herndon, who was elected Police Judge of this city at the last November election, will to-day take the oath of office and enter upon the discharge of the duties of the office, relieving Judge W. H. Sneed, who has held the position for the past sixteen years.

Pardoned Out.

William Henry, a negro convict, who was sent from Pulaski county in 1884 to serve a life sentence for murder, was pardoned out of the penitentiary by Gov. Brown on Wednesday.

Council Proceedings.

REGULAR MEETING, Aug. 28, '94. The city council at its meeting Tuesday night received the petition of twenty-three citizens of Bellepoint asking that that faubourg be annexed to the city of Frankfort. Although an ordinance was presented covering the case, it was referred to the ordinance committee as required by law, and they were directed to advertise the matter.

Councilman Utterback offered a resolution instructing the City Attorney to make a test case against some one for whom a pavement had been built in front of their property by the city.

The fire committee reported that they had been unable to agree on the price of the 1,000 feet of hose ordered by the city. The price ranged all the way from 47 to 60 cents per foot. The matter was referred back to the committee to try and make the trade.

The street committee reported in favor of requiring certain property owners on Mero and intersecting streets to build gutters in front of their property. Lost, for the want of the two-thirds vote necessary.

Judge Jos. H. Lewis was allowed a rebate on his bank stock unlawfully assessed.

The finance committee was ordered to look up the assessments against the Mason-Foard Co. for the years 1886-'87 and '88.

The street entrance to the cellar of Holmes & Baird was discussed and the nuisance it produces, and it was referred to the committee to report an ordinance to require it to be closed up.

The council then adjourned until the next regular meeting night at 7:30 o'clock.

Teachers, Attention.

The examination of applicants to teach in the white schools of the county will be held at the office of Miss Lucy Pattie, County Superintendent, on Friday and Saturday, September 7th and 8th. The colored teachers will be examined at the same place on Friday and Saturday, September 14th and 15th.

The Modern Beauty.

Thrives on good food and sunshine, with plenty of exercise in the open air. Her form glows with health and her face blooms with its beauty. If her system needs the cleansing action of a laxative remedy, she uses the gentle and pleasant liquid laxative Syrup of Figs.

Will Dedicate To-day.

We are under obligations to Mr. E. P. Bryan for an invitation to attend the dedication of the elegant new Union Station at St. Louis to-day.

Out of the Pen.

Gov. Brown, on Monday, pardoned Mrs. Peoples out of the penitentiary on condition that she leave the State within three days. She was sent up from Louisville in 1888 to serve a term of thirteen years for committing an abortion upon a young German girl. Her daughter, Miss Nellie Boicourt, has made her home in and near this city ever since her mother was sent to the penitentiary and has worked unceasingly for her release.

Assigned.

The firm of Reock & Donaldson, composed of Messrs. George W. Reock and George Donaldson, doing a flour, feed and green grocery business on Bridge street, South Frankfort, made an assignment on Monday to Mr. Will Lane for the benefit of their creditors. Their liabilities are about five hundred dollars with assets of about two hundred and fifty.

A HORSE FLY

OR any other PEST can be kept out of your house with our SCREENS: Hardware, like everything else, wears out, and grows old. The question is—where can the best be obtained? WE are not here to preach a we sell-the-best sermon, because others may sell as good. But, do they? That is the kernel of the cocoanut. Then again the all-important price question claims wise attention. The leak that sinks a mighty ship is often small. Perhaps there are leaks in your purse. Let me stop with a little price plugs the outflow. Don't forget that it is our wish to please you. IF IT IS POSSIBLE, I'LL DO IT.

ON The Watch

For novelties, we are never "behind time," keeping a careful "minute" of everything our customers are

Likely to want, we stand "second" to none. Energetic endeavor is the "main spring" of our success. Our "hands" are always busy preparing attractive novelties and our "face" is always smiling over good business. Our promises are always "in hand" and our establishment in the best of "running order." The motto THE BEST fits our "case" exactly.

M. A. SELBERT, THE JEWELER.

The Concert.

The grand concert given by Misses Anita Muldoon, Currie Duke and Addie Bishop, of Louisville, drew a large and select audience to the Opera House Thursday evening. Each of the young ladies is a star and every one present went away delighted with the entertainment. Miss Muldoon was in fine voice and her singing charmed the audience; Miss Duke draws and exceedingly graceful bow and made exquisite melody on the violin, while Miss Bishop's performance on the piano was superb. The audience was so carried away with the music that each young lady was roundly applauded and their hearers insisted upon an encore after each appearance.

A Small Fire.

Mr. Lee A. Owen's wood house, at Jet's Station, was burned Tuesday night. It was certainly the work of an incendiary, as there was no way for it to have caught fire, being some little distance from his dwelling and there had been no light or fire about it for some time. It seems that some scoundrel has a spite at Mr. Owen and is trying to burn him out. Several years ago his residence was burned, about a year ago his stable was also destroyed by fire, and now his outhouse. Mr. Owen is away from home, being in Washington City, and only his wife and servants were on the place. The loss on the building is about fifty dollars.

Leg Amputated.

Mr. Bennett Gordon, of this county, who was a soldier during the late war, had his leg injured by a piece of shell in battle and has since suffered great pain from the injury. The bone and flesh of the leg as high as the knee had become so much affected that his family physician advised him a few weeks ago to have the limb amputated. Being too old to attempt the operation himself, the doctor sent Mr. Gordon to Dr. O. H. Reynolds, of this city, who, assisted by Drs. Geo. W. Chinn and Duval, performed the operation successfully on Wednesday, taking the leg off just above the knee, and the patient is getting along nicely, with every probability of his getting out again in a short time.

A. M. Bailey, a well known citizen of Eugene, Oregon, says his wife has for years been troubled with chronic diarrhoea and used many remedies with little relief until she tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which has cured her sound and well. Give it a trial and you will be surprised at the prompt relief it affords. 25 and 50 cent bottles for sale by PHIL. CARPENTER, South Side Drugstore.

GEO. A. LEWIS, Editor and Pub.

FRANKFORT, SEPTEMBER 1, 1894.

An Old Weapon.

We have before us a flint-lock pistol made in the early days of this century by McNaught, of Richmond, Virginia. It is a single barrel and shoots a ball about the size of the Derringer of to-day, the barrel being rifled only near the muzzle. The works are well preserved and but for the flint needing picking, would do as good service as when first made. The trigger is not exposed until full cocked, as it folds up into the grip, and there is a slide on top of the stock with a pin attached which, when slipped into position, hold the apron over the pan down so that there was little probability of its being discharged accidentally. The weapon was carried during the war of 1812 by the late John Lewis, of Langollen, this county, and is on its way to the reunion of the Lewis family in Spottsylvania county, Virginia, next week, being the property of Mr. J. F. Lewis, of Louisville.

The Ex-Convict at Home.

Frankfort is not the only place troubled with the ex-convicts, as the following from the Richmond Pantagraph shows that when sent home they are a nuisance:

Speedwell neighborhood was in a state of furor last week. Alf. Brooks, an ex convict of two terms, went into the school room of Miss Nettie Black, a young lady teacher near there, and used very insulting and vulgar language, drove one of the pupils away, and kept Miss Black and the other pupils for some time in fright. Thursday night a party of citizens armed themselves, hunted down the scoundrel and brought him to town where he now languishes in jail. Brooks bears the reputation of being a worthless character, and is continuously trying to terrorize the Speedwell neighborhood. He has been in the penitentiary twice already, once for murder and once for arson, and this time he should have meted out to him the full penalty of the law.

State Items.

The wife and child of Frank Prather, of Wolfe county, was killed by lightning last week. The electric bolt struck the chimney and ran into the room setting it on fire.

Mike Doyle, of Paris, on Saturday night, while walking in his sleep, stepped out of a second story window of the St. Charles Hotel, in that place, fell to the ground below, breaking his right arm and painfully bruising himself about the body.

The common school teachers of this county will indorse the following from the Richmond Register:

Job had his boils, Saul had his fits and Daniel his lions; but the teacher who has an ignorant, prejudiced, stupid set of trustees to contend with has a sorer affliction than either.

James F. Rigsby, late messenger on the Louisville Southern for the Adams Express Company, was given a term of three years in the penitentiary at Lawrenceburg on the charge of embezzling \$3,200. He was brought here Monday by the Sheriff of Anderson county and donned the stripes.

The old Presbyterian Church, of Springfield, Bath county, is 100 years old this fall. Her centennial will be celebrated on the 12th of September. Distinguished speakers will make addresses and the Presbytery will be present and take part. All her children and friends are cordially invited to be present.

A Glasgow firm has just shipped a lot of lumber to Hamburg, Germany. It was probably the finest lot of poplar lumber that ever left the woods of Southern Kentucky. There was not a knot, flaw or crack in the whole. The two car-loads contained 21,000 feet, and this 21,000 was culled from 1,000,000 feet of lumber. Each plank of the lot was stencil-marked, and every five planks were tied in separate bundles.

Winchester Democrat: One of our prominent young men called on his best girl the other afternoon. They were on the lawn, and he took a seat in the hammock while she read to him from a book of poems. The young man fell asleep, and the young lady became indignant and went into the house. When he awoke it was 10:30, and he made a masterly sneak down town. He takes the opposite side of the street when they pass by.

The Interior Journal gives the following instance of the efficacy of prayer: "The efficacy of prayer was demonstrated to a couple of young ladies here Tuesday. They had gone to the knobs for a cook and on their return got lost in the hills, and drove around almost hopelessly, till one suggested that they pray for deliverance. A short but fervid prayer ascended to the throne of grace, and almost before they had ended their petition a man appeared and piloted them to the big road. Verily, the prayers of the righteous availeth much."

The Glasgow Times is responsible for this: "Benjamin Franklin was lately whipped for stealing chickens. Thomas Jefferson was sent up for vagrancy, James Madison fined for getting drunk, Aaron Burr had his eye gouged out in a fight, Zachary Taylor robbed a widow of her spoons, John Wesley was caught breaking into a store, George Washington is on trial for attempting outrage, Andrew Jackson was shot in a negro bar-room, Martin Luther hung himself on the garden palings while stealing a basket of vegetables and Napoleon Bonaparte is breaking rock for a \$3 fine in New Orleans. What's the matter with the old boys?"

Resolutions of Respect.

The following resolutions were adopted by Frankfort Lodge, No. 28, I. O. O. F., at their last meeting:

WHEREAS, Death has cast its awful shadow in the home of Bro. A. Leitch by taking from the arms of his care and affection his devoted wife, Mary T. Leitch. Therefore, it is met that this brotherhood of Odd Fellows should express their sense of sympathy to Bro. Leitch in his loss, his chief of crosses, and would lift that sacred agis above him, but the arm of assurance is too weak in this sad hour, "when grief is the only companion that sorrow claims her own."

Resolved further. That while it is true "that some days must be dark and dreary," "that into each life some rain must fall," yet in the Christian's faith and dream of heaven, God has builded the hope of a happy reunion of the loved and lost.

Resolved. That these expressions of sympathy and regret be made a part of the records of this meeting, and that the Secretary be, and is instructed to convey to Bro. Leitch a copy of them.

E. WOLF,
S. A. THOMAS,
W. H. JEFFRIES,
Committee.

A Card of Thanks.

I desire, in behalf of the committee and myself, to thank the kind friends who have so generously offered to assist in entertaining the Conference week after next.

I do not think the body was ever more royally entertained than it will be in the Capital City, judging from the magnificent list of homes published in the ROUNDABOUT.

I could covet no more fitting finale to my ministry in Frankfort than this new and cordial expression of the proverbial hospitality that has always characterized her citizens.

The Conference session will be one of unusual interest. There will be daily, a morning, afternoon and night session. The public is invited to attend every service.

Each delegate has been informed of his home during the Conference and will notify his host what day and train to expect him.

THE LAST GAME.

Go Out and Give the Boys a Good Crowd.

The base ball season will close this afternoon with a benefit game at Thorn Hill Park. The other clubs in the Blue Grass cities have gone to pieces so that our boys can get no more games, and the management have concluded to disband after the game to-day. The boys have played good ball and deserve a rousing farewell crowd, so go out this afternoon and crowd the grand stand, Grapevine Club and the right field seats. The nines will line up as follows:

Davis, c. Meredyth, c.
Daniels, p. Tannehill, p.
Barrett, 3b. Ryan, 1b.
H. Lindsey, 1b. Hall, 2b.

Base Ball.

On Saturday of last week the Lexingtons were shut out at Thorn Hill in a game which was well-played and interesting throughout. Eight hits were made off Tannehill, but when men were on bases the visitors were completely at the mercy of our crack twirler. He given perfect support, the error being made by the little fellow himself when he muffed a throw while covering first. Tannehill pitched a masterly game, the visitors, but was not quite so well supported. He was unlucky also in hitting Hall and giving Meredyth base on balls in the fourth inning, as both of them scored on Burke's two-bagger which followed. In both the third and eighth innings the Lexingtons had two men on bases and none out, but the next three batters were quickly retired. The score:

The Frankforts played two games this week with the Lexingtons, of Jeffersonville, Ind., who recently defeated the Indianapolis Western League Club, besides many other independent clubs in that state, and who style themselves the "Champions of Indiana." The first game was characterized by heavy hitting, in which the

locals had all the best of it. It was rather exciting, however, as the teams alternated in the lead, and the fielding was fair, considering the hitting, until the last inning, when the visitors developed a bad case of rattles. Burke was sick and unable to play, Frank Barrett covering third in splendid shape. Daniels' pitching was nothing extra, but was good enough to win. The score:

As to the second game, the least said the better. At the beginning of the Lincks' half of the eighth the score was 13 to 0 in favor of the locals, and Tannehill had held the visitors down to three hits, striking out eight, but the Lincks managed to get three hits in succession in the eighth and scored one. In the ninth, Tannehill did the monkey act, and some of his support seemed unable to pick up a ball, with the result that the visitors piled up eight scores in a very few minutes, and it seemed as if the game was to be thrown away. A more disgusted lot of fans never left the park. The score was 13 to 9.

Private Lines.

The magneto telephones are gradually coming into use in this city. The Midland Railway Co. have had a line in operation between the station in this city and Forks of Elkhorn for several months and the Capital Gas and Electric Light Co. are now putting up a line from their up town office to the gas and electric light works. The instruments are bought outright and when once in operation there is no rent to pay, and they give good service.

The Land of Promise

In the mid, West, the land that "tickled with a hoe" has a harvest; the El Dorado of the miner; the land of the agricultural emigrant. While it seems with all the elements of wealth and prosperity, some of the fairest and most fruitful portions of it bear a harvest of malaria reaped in its fulness by those unprotected by a medical safeguard. No one wears up or dwells in a malarial locality is safe from the scourge without Hovet's Stomach Bitters. Enlargement, bear this in mind. Commercial travelers sojourning in malarial regions should carry a bottle of the Bitters in their traveling grip-bags. Act that the effects of exposure, mental or bodily exertion, damp and unwholesome food or drink, and the Bitters will cure. Constipation, rheumatism, biliousness, dyspepsia, nervousness and all other ailments are all relieved by this general restorative.

Our farmers have commenced cutting tobacco. The crop in our immediate section is good both as to quantity and quality.

The Owens Barbecue at Lexington was perhaps the largest and most elegant political gathering ever assembled in the State. Trains, regular and specials, together with vehicles of every description, poured their thousands into the city, while the very heavens seemed to open and rain voters. Thirty thousand people, of whom seven thousand were beautiful women, were there. The Breckinridge crowd traced the hand writing on the wall. It was a great day: with great crowds, great dinner, great speeches and great enthusiasm.

The time to be tender-footed is past. The height of infantry is reached. The Breckinridge crowd have found the limit on the list of insults. There is no other to offer and the fight is now on in earnest. There is not a man in the Ashland District who does not know that W. C. P. Breckinridge is a base hypocrite, a dishonest embezzler, a perjured liar and infamous libertine, and now to cap the climax, one of his trusted leaders comes forth with this proposition, to "breed the maidens of the Blue Grass, especially the daughters of tobacco men to this human monster." Every man in the Ashland District knows that should one breed a female hound to either Breckinridge or Leer he could involve the poor b—h in a thrall-dom of infamy from which she could never retrieve herself, and yet there are men who will vote for Breckinridge. O don't squirm and twist and say Billy is not responsible for what Leer says, for the man that does not know that Breckinridge, down deep in his dirty, filthy heart would endorse that proposition, is a fool. We do not impugn any man's motives, but every man who votes on the 15th of September will do so with his eyes open. My countrymen, you know the truth; you cannot plead ignorance. Virtue and honor, vice and infamy, lie before you and you have your choice. There is no middle ground, you cannot escape. If you fail to resent this insult to the wives, mothers and daughters of the land you will write your name on the tablet of every true woman's memory as craven cowards. Fail to place a stamp of your displeasure upon the accursed, hell-batched and heaven-damned villain who gave it utterance, and you record your epitaph high up on the monument of infamy.

THE NEW F. F. V. LIMITED.

Important Change in Schedule of the C. & O. S. Pot Train.

Commencing Sunday, May 13th, the F. F. V. Limited will leave Cincinnati daily at 12:20 noon, arriving at Washington at 7:40 a. m., Baltimore 9:00 a. m., Philadelphia 11:20 a. m. and New York 1:40 p. m. The train will consist of Composite Car, Elegant Day Coach, with Smoking Compartment, Dining Car, Pullman Sleeping Cars of the latest and most improved design, and an Observation Car. Emphasis is especially placed on the Observation Car. Built by the Pullman Company from Chesapeake and Ohio plans, the F. F. V. Observation Cars serve their purpose better than any others that have ever been constructed.

As the F. F. V. Limited is the only train having an Observation Car attached, it necessarily follows that the Chesapeake and Ohio R'y alone has scenery interesting enough to demand an Observation Car. The F. F. V. Limited is the only train running through from Cincinnati to New York that enables the business men to transact business in Cincinnati one day and New York the next. It is the only train for Jersey City Coast resorts, which are reached by the F. F. V. at dinner time instead of in the evening. It is the only train that enables business men to transact business in Cincinnati one day and reach Washington for breakfast the next morning. It is the most desirable train for New England resorts, connections being made in the Union Depot in Washington with the Colonial Express running through to Boston which reaches New Haven 4:10 p. m., New London 5:30 p. m., Providence 7:15 p. m. and Boston 8:30 p. m. The F. F. V. is the only modern train lighted throughout with Electricity, carrying a Dining Car and an Observation Car.

The Washington and Atlantic Express, also an Electric Lighted Vestibuled train, will leave Cincinnati at 7:00 p. m., reaching Washington 2:40 p. m. and Old Point Comfort 6:00 p. m. Connection is made at Washington with the Boston Express or the Limited, reaching New York about 9:00 p. m. At Norfolk connection is made with the Old Dominion Steamship Line, reaching New York 3:00 p. m. the next day.

Wm. H. Wheeler,

A prominent contractor and builder, of Adams, N. Y., was a great smoker for years. He liked his cigar but did not like the serious throat trouble that began to come upon him in the shape of a bunch or growth. As he expressed it he was afraid he was going to have a Grant throat. At this stage he began using Dr. Hale's Household Ointment, applying it directly to the bunch inside his throat several times each day. A few weeks of this treatment entirely cured the bad throat and Mr. Wheeler states that it worked a most wonderful cure in his case. He regards Dr. Hale's Household Ointment as the greatest medicine of the 19th century. It cures all inflammation, 25c. and 50c. boxes at P. H. CARPENTER'S drug store.

A Million Friends.

A friend in need is a friend indeed, and not less than one million people have found just such a friend in Dr. King's New Discovery for Consumption, Cough and Cold. If you have never used this Great Cough Medicine, one trial will convince you that it has wonderful curative powers in all diseases of Throat, Chest and Lungs. Each bottle is guaranteed to do all that is claimed or money will be refunded. Trial bottles free at P. H. CARPENTER'S drug store. Large bottle 50c. and \$1.

SPEND YOUR OUTFIT ON THE GREAT LAKES.

Visit picturesque Mackinac Island. It will only cost you about \$12.50 from Detroit; \$15 from Toledo; \$18 from Cleveland, for the round trip, including meals and berths. Avoid the heat and dust by traveling on the D. & C. floating palaces. The attractions of a trip to the Mackinac region are unsurpassed. The island itself is a grand romantic spot, its climate most invigorating. Two new steel passenger steamers have just been built for the upper lake route, costing \$300,000 each. They are equipped with every modern convenience, ammunitions, bath rooms, etc., illuminated throughout by electricity, and are guaranteed to be the grandest, largest and safest steamers on fresh water. These steamers favorably compare with the great ocean liners in construction and speed. Four trips per week between Toledo, Detroit, Alpena, Mackinac, St. Ignace, Potosky, Chicago, "Sooy," Marquette and Duluth. Daily between Cleveland and Detroit. Daily between Cleveland and Put-In-Bay. The cabins, parlors and staterooms of these steamers are designed for the complete entertainment of humanity under home conditions; the palatial equipment, the luxury of the appointments, makes traveling on these steamers thoroughly enjoyable. Send for illustrated descriptive pamphlet. Address A. A. SCHWARTZ, G. P. & T. A., D. & G. Detroit, Mich.

CRUTCHER & STARKS

Frankfort, Kentucky.

To the Voters of Franklin County.

FRANKFORT, Ky., Aug. 1894.
Yielding to the flattering and earnest solicitation of partial friends and representative citizens of all political faiths, I have, contrary to my purpose to never again stand for office, determined to make the race for County Judge at the November election, 1894. This is the most important office in the county government. In the hands of the County Judge are placed the liberties of the citizens in criminal trials before examining court, as also the moneyed interests of a large class of debtors and creditors, litigating matters of account in the quarterly court, besides the settlement and oversight of the estates of widows and orphans.

The taxing interests of the citizens is in the hands of the County Judge and the Magistrates. So it will be seen that your County Judge wields a large influence in county affairs. No more taxes should be laid than are absolutely necessary to meet the bonded indebtedness at its maturity and the annual accruing interest thereon, together with the necessary amount to conduct the county government upon economic, honest business principles. A part of the bonded debt should be met by the next generation, as they are to be equally benefited by it.

It is local taxation and the distribution of the funds, derived therefrom that comes home directly to the county and city taxpayer, for it must be met and is felt in proportion to the ability to meet it. Therefore, it is the right of the citizen to demand of his county court the lowest per cent. of tax each year consistent with an economic, honest and impartial government, and to have this tax promptly collected, and honestly and fairly applied to the good of the entire county.

The good people of my native city and county have honored me time and again by electing me to different and important offices. My election for four successive terms to the office which I am soon to voluntarily surrender, while evidencing the partiality and most generous favor of my personal as well as political following, is an earnest of my faithful, impartial and successful discharge of duty in the past, and must be my guarantee for the future.

I have in no sense sought this office, and if I am elected to it I must be elected by the uncorrupted vote of the people, as I will not bring to bear any corrupting influences to obtain it. At the proper time I will visit the precincts of the county.

Respectfully,
W. H. SNEED.

While in Chicago, Mr. Charles L. Kahler, a prominent shoe merchant, of Des Moines, Iowa, had quite a serious time of it. He took such a severe cold that he could hardly talk or navigate, but the prompt use of Chamberlain's Cough Remedy cured him of his cold so quickly that others at the hotel who had had colds followed his example and half a dozen persons ordered it from the nearest drug store. They were profuse in their thanks to Mr. Kahler for telling them how to cure a bad cold so quickly. For sale by PAUL CARPENTER, South Side Druggist.

On to Washington.

Three years ago, the only authentic map of the Virginia battlefields was prepared in the War Department for the Chesapeake & Ohio Railway Co. It can with safety be asserted that it is the most interesting map published; and so great was the demand for the first edition that 100,000 were soon absorbed, but it has been re-issued for the occasion of the K. of P. Encampment at Washington in August, and will be mailed free after June 1st, upon application to C. B. Ryan, Assistant General Passenger Agent, C. & O. Ry., Cincinnati, O. In connection with the map is also a description of the grand and varied scenery of the Virginias, and the delightful Mountain and Sea Shore Resorts along the C. & O., as well as a sketch of the battlefields.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says saved her life. Mr. Thos. Eggers, 139 Florida St., San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else, then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results of which these are samples that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at CARPENTER'S drug store.
